

2026 CLEANING BUSINESS OWNER RESOURCE KIT

Practical, free tools and guides for cleaning company owners and operators

Running a cleaning company means balancing pricing, crews, schedules, quality, payroll, and customers. These free CleanPilotPro resources are ready to use and share—no email signup required.

1. Free Cleaning Quote Calculator

Customize rates, service multipliers, frequency discounts and add-ons, then build a customer-ready quote.

[Use calculator](#) →

2. 2026 House Cleaning Pricing Guide

Practical guidance for hourly vs. flat-rate pricing, home size, cleaning type and profitable quoting.

[View pricing guide](#) →

3. Recurring Cleaning Job Pricing Guide

Framework for recurring residential and commercial pricing, frequency discounts and margin considerations.

[Read recurring pricing guide](#) →

4. Weekly Crew Scheduling Playbook

A repeatable approach for recurring clients, staff availability, geographic grouping and schedule changes.

[View scheduling playbook](#) →

5. Spreadsheet vs. Scheduling Software Guide

Know when a spreadsheet is enough and when operational complexity calls for a shared scheduling system.

[Read comparison](#) →

6. Cleaning Checklists & Job Photo Guide

Use reusable checklists and job photos to clarify scope, strengthen quality control and document completed work.

[Explore guide](#) →

7. Reports & Analytics Guide

Learn which operating numbers to track, including revenue, job volume, hours, productivity and customer mix.
