Cleaning Business Software Scorecard

Options: A _____ B _____ C _____

Score each item: 0 = missing, 1 = partial or paid add-on, 2 = fully included. Multiply each score by its weight, then add the weighted scores for each option.

Category	What to check	Weight	Option A	Option B	Option C
Recurring scheduling	Weekly/biweekly/monthly series, edit one visit or all	3x			
Conflict warnings	Day-off, overlap, and double-booking alerts	2x			
Per-job time tracking	Cleaners clock in/out on each job from their phone	3x			
Scheduled vs actual hours	See where planned and paid hours differ	2x			
Payroll from tracked hours	No re-entry; cash and direct deposit splits	3x			
Cleaner mobile app	Native iOS and Android, simple for field staff	2x			
Checklists and photos	Reusable checklists, before/after photos	1x			
Customer records	Addresses, access notes, pricing, history	1x			
Reminders	Automatic SMS/email to customers and cleaners	1x			
Setup help	Help importing customers, cleaners, schedules	2x			
Pricing clarity	Total cost at your team size and at 2× your size	2x			
Free trial	No credit card required, easy cancellation	1x			
Total	Add weighted scores (maximum 46)				

Maximum: 46 per option. Under 30 may leave gaps you fill with spreadsheets or texts. If you change weights, recalculate the maximum.
